## INTRODUCTORY SECTION

December 11, 2014

To the Honorable Steve Ballard, President, Members of the Rock Island County Forest Preserve Commission, and Citizens of Rock Island County Forest Preserve District.

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP), and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of the Rock Island County Forest Preserve District for the fiscal year ended June 30, 2014.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement.

Carpentier, Mitchell, Goddard, and Company, LLC, a firm of licensed certified public accountants, have issued an unmodified (“clean”) opinion on the Rock Island County Forest Preserve District financial statements for the fiscal year ended June 30, 2014. The independent auditor’s report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management’s Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction

---

Rock Island County Forest Preserve District • 1504 Third Avenue • Rock Island, Illinois 61201

Website: [www.ricfpd.org](http://www.ricfpd.org)

with it. The Rock Island County Forest Preserve District's MD&A can be found immediately following the report of the independent auditors.

### **Profile of the Government**

The Rock Island County Forest Preserve District was established in 1941 by a referendum vote. The District is a separate body and political subdivision of the State of Illinois. The District has independent taxing powers and its boundaries are the same as those of Rock Island County. The District's purpose is to maintain and manage natural areas in Rock Island County for preservation, recreation, and education.

The District's day-to-day operations and administrative activities are managed by a Director and staffed by 157, full-time, part-time, and seasonal employees.

The Rock Island County Forest Preserve District consists of five forest preserve areas, which are made up of 2,490 acres in Rock Island County. They are: Loud Thunder Forest Preserve, Indian Bluff Forest Preserve and Golf Course, Illiniwek Park, Dorrance Park and Niabi Zoo (which was donated to the Forest Preserve District in 1963). 251.7 acres of land was donated to the Forest Preserve by Ralph Martin in 1994 located in conjunction to Loud Thunder Forest Preserve. The Rock Island County Forest Preserve District serves approximately 147,258 citizens in Rock Island County, but also serves surrounding areas in Illinois and Iowa and tourists from beyond that.

The District is governed by an elected 25-member Board of Commissioners, who also serve, by state statute, as the Rock Island County Board. Approximately one-half of the members are up for re-election in a cycle of 4, 4 & 2 years. The remaining are on a 2, 4 & 4 year cycle. This provides every ten (10) years the entire 25 member commission being up for re-election. The President of the Rock Island County Forest Preserve District is elected by the commissioners. Policy-making and legislative authority are vested in a governing committee consisting of the president and seven other members. The Commission meets the third Tuesday of each month usually immediately following the Rock Island County Board meetings or approximately at 6:30PM.

The annual budget serves as the foundation for the Rock Island County Forest Preserve District's financial planning and control. All departments or individual parks under the Forest Preserve District are required to submit requests for appropriation to the government's director. The government's director uses these requests as the starting point for developing a proposed budget. The government's director then presents this proposed budget to the Commission for review. The Commission is required to hold public hearings on the proposed budget and to adopt a final budget by no later than November 30<sup>th</sup> of each year. Thus the budget is developed and proposed 7 to 12 months prior to appropriation usage. The appropriated budget is prepared by fund, function and department. The director may make transfers (movement of funds available to spend from one function to another after the budget is adopted) of appropriations (amounts to be received or spent per function/type). Any resolutions to increase appropriations must be approved by the Forest Preserve Commission. As a matter of courtesy, information, and/or policy transfers of appropriation are also approved by the Forest Preserve Commission. Budget to actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted.

### **Local Economy**

Rock Island County's economy has historically centered on farm implement manufacturing, U.S. military manufacturing and agriculture. Today almost a quarter of Rock Island County's residents are employed in education or health services fields. Manufacturing is still strong in the county and is the second highest industry for employment. Currently, the largest employers in the county are:

- Rock Island Arsenal, a U.S. Army installations which houses approximately 7,900 military, civilian, and contractor jobs;
- Deere and Company, an international leader in agricultural, forestry and construction equipment, employs approximately 5,800 (at all locations);
- Tyson Foods Inc., a supplier of beef and pork products, employ 2,500.
- Unity Point – Trinity, employ 2,692 (at all Rock Island County locations)

Other major employers in the County are Hy-Vee, grocery stores (1,333 at all Rock Island County locations); Moline School District #40, public school district (1,111), Group O, a marketing/packaging company (1,100), Xpac, packaging (1,000), Genesis Health Care Systems Illini Campus (970), and Rock Island County (728). The County is also home to large insurance and healthcare companies. Modern Woodmen of America and Bituminous Insurance Company are leaders in the insurance industry and among the county's top employers.

There are 10 traditional public school districts operating within Rock Island County. The County's post-secondary education facilities include Black Hawk College, a two-year, public institution which employs 825; Augustana College, a private four-year institution which employs 550, and Western Illinois University Quad Cities Campus (105 full time employees).

Labor force in Rock Island County peaked in 1980 at 84,434. The 10-year period from 1980-1990 saw total labor force decline by almost 12% to 74,530. Most of this loss is attributed to the farm crisis in the 1980's and the related losses of manufacturing jobs in the farm implement industry. The county's annual average unemployment rate neared 18% in 1983. However, through the 1990's the economy gradually improved with relatively minor setbacks occurring early in the decade. From 2000 to 2007 unemployment rates averaged 5.1%. With the international banking crisis and housing market decline that occurred from 2007 to 2009, the unemployment rates jumped to an average of 8.9%. The highest Rock Island County experienced in the past decade was 9.6% in 2010. Since 2012 the county has seen an improvement in the unemployment rates which have averaged around 7.8%. As of August 2014, the county is averaging 7.8% unemployment.

In the past year Rock Island County has seen business expansions both public and private. On the public side, Metrolink has had two major projects. Both projects are located in Rock Island, \$30 million maintenance facility and the completion of the bus transfer station (\$2.5 million project). On the private side business expansions occurred at MATCON in East Moline (150 jobs), Crawford and Company in Rock Island which has a \$1.7 million company expansion which added 28 jobs, Hill and Valley in Rock Island (25 jobs), and FedEx in Rock Island (20 jobs). The Quad Cities passenger rail (QC to Chicago line) was awarded \$230 million in funding and is expected to be complete FY2015/2016. Other renovations underway are the remodeling of South Park Mall and the 11th Street Corridor in Rock Island.

## **Major Initiatives**

Each year, members of the Board of Directors of the Rock Island County Forest Preserve District plan and vote to accomplish building and improvement projects in the District's various parks. Some of these goals require bond agreements to fund and others are funded through increasing areas of revenue. The following are some of the future projects to be accomplished.

A new greens mower will be acquired at Indian Bluff.

Two new trucks will be acquired at Loud Thunder.

Two small pontoons will be acquired for the boat rental operation at Loud Thunder.

Construction of the camp office building at Loud Thunder will be completed.

A new tamarind monkey exhibit will be constructed in the Discovery Center at Niabi Zoo.

A new koi pond pavilion will be constructed to replace the existing structure that has deteriorated beyond repair.

A meerkat exhibit will be constructed at Niabi Zoo.

A new truck will be acquired at Niabi Zoo.

Two utility vehicles will be acquired at Niabi Zoo.

Illiniwek Forest Preserve shower building and restroom facility plumbing upgrades will continue.

Corrections will be made to improve areas from the ADA access audit deficiencies report.

## **Financial Information, Management and Control**

Financial Policies. The Forest Preserve District doesn't currently require a reserve for any of its funds. Also, the Forest Preserve Commission has not committed any moneys for any of its funds.

Risk Management. The Forest Preserve District is self-insured for risk exposures related to benefits, workers' compensation claims, and general auto liability claims through Rock Island County. A third party administrator, United Healthcare of the River Valley, performs all health benefit claims handling procedures. The human resources office and the civil division of the States Attorney's office of Rock Island County handle all workers' compensation, general auto, liability and settlement claims. The Commission levies for a liability reserve property tax, recorded as Liability Insurance. This will be separate from the general fund in this year's audit as opposed to past audits. This provides for claims settlement and loss expenses for the estimated settlement value of worker's compensation, general liability, and auto liability claims.

Pension and Other Post-employment Benefits The Forest Preserve District participates in a defined benefit pension plan through the Illinois Municipal Retirement Fund, which provides retirement benefits for all officials and employees of the Forest Preserve and Niabi Zoo whose position normally requires at least 1000 hours of service per year. These benefits are paid in addition to social security benefits. The Forest Preserve District also provides for postretirement health care benefits to employees under the required provisions of Rock Island County's Health Benefit Plan. Additional information on pension and post-employment benefits can be found in the notes to the financial statements.

Awards & Acknowledgements The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Rock Island County Forest Preserve for its comprehensive annual financial report (CAFR) for the Fiscal year ended June 30, 2013. In order to be awarded a Certificate of Achievement, the government must publish an easily readable and efficiently organized CAFR. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR has continued to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the efficient and dedicated services of the staff of the Rock Island County Forest Preserve District, the Rock Island County Auditor's Office and our auditors, Carpentier Mitchell Goddard and Company LLC. Credit also must be given to the Commission for their unfailing support for maintaining the highest standards of professionalism in the management of the Forest Preserve District's finances.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Jeff Craver". The signature is fluid and cursive, with the first name "Jeff" and last name "Craver" clearly distinguishable.

## INDEPENDENT AUDITOR'S REPORT

To the Commission  
Forest Preserve District  
Rock Island County  
Rock Island, Illinois

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Rock Island County Forest Preserve District, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Rock Island County Forest Preserve District, as of June 30, 2014, and the respective changes in financial position, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, pension plan schedule of funding progress, and pension plan employer contributions on pages 3 through 12, 38 through 43, 44, and 45, respectively, be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory section, combining statements and individual fund budgetary schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining statements and individual fund budgetary schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statements and individual fund budgetary schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

## Management's Discussion and Analysis

As management of the Rock Island County Forest Preserve District, we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the Rock Island County Forest Preserve District for the fiscal year ended June 30, 2014. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal which can be found on pages i – vii of this report, and the District's financial statements.

### Financial Highlights

- The assets of the Rock Island County Forest Preserve District exceeded its liabilities at the close of 6/30/14 fiscal year by \$10,281,461 (net position). This net position has increased from prior year due to cash and receivables increasing considerably, \$811,975, even though other capital assets decreased in this year. Although payables and deferred revenue increased, the long term debt decreased giving a total increase in liabilities and deferred inflows of resources of only \$238,718. Of total net position, \$1,516,051 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$524,265 or 23.69 percent of total general fund expenditures of \$2,212,880. This decrease in fund balance occurred because the zoo and administration expenses increased even more. Both of these events required the use of additional borrowed cash from General Fund reserves until the increases in admissions fees and tax revenue increases can be collected enough to pay these loans over the future fiscal year.
- As of the close of fiscal year 2014, the Rock Island County Forest Preserve District's governmental funds reported combined ending fund balances of \$2,529,336, an increase of \$292,559 in comparison to the prior year. Even though there was a decrease in General Fund as discussed, and some also in the now separately reported Liability Insurance Fund and Golf Course Improvement Fund to buy a new fleet of golf carts, there were significant increases in the other funds, such as Niabi Zoo, Niabi Zoo Improvement and Marvin Martin Trust, to make up for this deficit and result in the overall increase.

## **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the Rock Island County Forest Preserve District's basic financial statements. The Forest Preserve District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

### **Government-wide financial statements**

The government-wide financial statements are designed to provide readers with a broad overview of the Forest Preserve District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the Forest Preserve District assets and deferred outflows of resources, and liabilities and deferred inflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flow in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues from other functions that are intended to recover all or a significant portion of their costs through user fees and charges. The governmental activities of the Forest Preserve District include general government and recreation and operations. There are no business-type activities conducted by the Forest Preserve District.

The government-wide financial statements include only the Rock Island County Forest Preserve District. There are no component units. The Forest Preserve District is a component unit of Rock Island County.

The government-wide financial statements can be found on pages 13-15 of this report.

### **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Rock Island County Forest Preserve District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Forest Preserve District are governmental funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Rock Island County Forest Preserve District maintains 9 individual governmental funds. In keeping in compliance with the law and also to inform the reader of changes made from prior Rock Island County Forest Preserve District audits the Liability Insurance Fund will no longer be reported within the General Fund. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Niabi Zoo Fund, Niabi Zoo Improvement Fund, and the Liability Insurance Fund, which are considered to be major funds. Data from the other funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements under exhibits 8 & 9 in this report.

The Rock Island County Forest Preserve District adopts an annual appropriation budget for its general fund and its special revenue funds. A budgetary comparison statement has been provided for the general fund and the special revenue funds to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found starting on page 16 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found starting on page 22 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Rock Island County Forest Preserve District's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found on pages 38-45 of this report.

### **Government-wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Rock Island County Forest Preserve District, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$10,281,461 at the close of the most recent fiscal year.

By far the largest portion of the Rock Island County Forest Preserve District's total assets (74.62%) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment). The Rock Island County Forest Preserve District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

Rock Island County Forest Preserve District's Net Position 2014

Governmental Activities

	<u>2014</u>	<u>2013</u>
Current and Other Assets	\$ 4,376,052	\$ 3,574,821
Capital Assets	12,867,012	12,882,416
Total Assets	<u>\$17,243,064</u>	<u>\$16,457,237</u>
Long-term Liabilities Outstanding	\$ 4,739,715	\$ 5,028,093
Other Liabilities	989,179	1,694,792
Total Liabilities	<u>\$ 5,728,894</u>	<u>\$ 6,722,885</u>
Deferred Inflows of Resources	<u>\$ 1,232,709</u>	<u>\$ -</u>
Net Position:		
Net Investment in Capital Assets	\$ 7,991,100	\$ 7,709,332
Restricted for Capital Improvements	774,310	607,974
Unrestricted	1,516,051	1,417,046
Total Net Position	<u>\$10,281,461</u>	<u>\$ 9,734,352</u>

A portion of the Rock Island County Forest Preserve District's net position (7.53%) represents resources, \$774,310, that is subject to external restrictions on how they may be used. The remaining balance of unrestricted net position, \$1,516,051 has increased slightly this year due to the higher current assets and cash being enough to cover the restricted increase and provide for an increase in unrestricted as well.

At the end of the current fiscal year, the Rock Island County Forest Preserve District was able to report positive balances in all areas of net position for the government as a whole. Principal debt payments have continued on the bond issue for Niabi Zoo Capital Improvements, decreasing the liability, which draws on cash readily available within current and other assets. This is why the fees and taxes increases are needed to continue to increase total assets. The Niabi Zoo governmental activity shows unrestricted net position as a positive this year, overcoming the negative standing it took last year due in part to these increases. However, the Liability Insurance governmental activity had high expenses, utilizing a portion of the current and other assets due to the fund's assets not being sufficient to support itself. Overall net position has increased.

**Rock Island County Forest Preserve District**  
**Changes in Net Position**  
**Governmental Activities**

	<u>2014</u>	<u>2013</u> (Restated)
Revenues:		
Program Revenues:		
Charges for Services	\$ 2,220,098	\$2,002,363
Operating Grants and Contributions	89,411	87,723
Capital Grants and Contributions	741,340	81,598
General Revenues:		
Property Taxes	2,557,925	2,289,464
Corp Personal Property Replacement Taxes	192,101	189,894
Hotel/Motel Taxes	254,000	149,606
Interest	7,958	7,689
Gain on Sale of Capital Assets	4,250	13,500
Zoo Animal Sales	-	45,200
Miscellaneous	7,628	5,736
Total Revenues	<u>\$ 6,074,711</u>	<u>\$4,872,773</u>
Expenses:		
General and Administration	\$ 2,019,314	\$1,848,779
Zoo	2,120,108	2,165,504
Retirement	201,001	198,694
FISSA	143,586	149,069
Liability Insurance	199,052	94,582
Bike Path	14,743	14,949
Marvin Martin Trust	61,994	38,894
Golf Course Improvement	296,722	76,264
Zoo Capital Improvement	241,248	198,301
Interest on Long-term Debt	229,834	242,307
Total Expenses	<u>\$ 5,527,602</u>	<u>\$5,027,343</u>
Change in Net Position	\$ 547,109	\$ (154,570)
Net Position Prior Year	<u>9,734,352</u>	<u>9,888,922</u>
Net Position End of Current Year	<u>\$10,281,461</u>	<u>\$9,734,352</u>

Charges for Services and Contribution revenues at the parks were way up compared to the prior year by \$879,165. Some park admissions were increased this year. Hotel/Motel Tax revenue to the Zoo increased considerably because of an additional hotel built and opened. An agreement was made with the City of Moline so the Zoo receives a higher portion of this tax revenue. The Marvin Martin Trust matured this year and some of the proceeds were then drawn upon to make capital improvements at Loud Thunder – a camp office was built and ranger house additions were made. Taxes were increased this year over last by \$375,062. A gain was attained by sales of capital assets again. Even though overall total expenses compared to the prior year increased by \$500,000 approximately, the revenue increases were enough to therefore cause an increase in net position.

### **Financial Analysis of the Government's Funds**

As noted earlier, the Rock Island County Forest Preserve District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The focus of the Rock Island County Forest Preserve District's governmental funds is to provide information on near term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Rock Island County Forest Preserve District's financing requirements.

As of the end of the current fiscal year, the Rock Island County Forest Preserve District's governmental funds reported combined ending fund balances of \$2,529,336, of which \$418,344 is available for spending at the government's discretion.

The Rock Island County Forest Preserve District General Fund's fund balance decreased by \$132,410 during the 2014 fiscal year. This difference is less than in the prior year due to the split of Liability Insurance being reported as its own fund. The decrease in fund balance due to a large settlement for Forest Preserve Liability, therefore will no longer affect the General Fund audit reporting. This year saw an increase in fees, contributions from private sources, rent and royalties, and miscellaneous revenue. However, interest dropped due to the General Fund loaning cash to other funds, so there was less available to invest. Costs of expenses, continued to rise more than the increase in revenues, therefore, causing the fund balance still to decrease some.

Every fund except General Fund, Liability Insurance & Golf Course Improvement increased fund balance for the fiscal year ended June 30, 2014. Niabi Zoo Improvement, Golf Course Improvement and Bike Path Funds are revenue building funds to accomplish larger projects in future years. A new fleet of golf carts was purchased this year using much of the Golf Course Improvement Funds. The Marvin Martin Trust Fund received a large trust contribution to build the fund. A portion of these funds were used to begin construction of a new camp office at Loud Thunder Park within the guidelines of the trust. Those that increased made the total governmental fund balance increase by \$292,559 for the Rock Island County Forest Preserve District. This was a significant increase.

*Long Term Debt Effects:* The Rock Island County Forest Preserve District made their four interest bond payments and two principle payments for the year July 1, 2013- June 30, 2014 on time. These payments are for the bonds for the Indian Bluff Golf Course Club House built in 2007 with funds generated through the budget and receipt of golf course fees, and the Niabi Zoo Capital Improvement projects also with fees, but received through various Zoo admissions and purchases. The Forest preserve will continue to make their bond payments according to their bond payment schedule. For more detailed information regarding long-term debt activity please refer to Note 2 – Reconciliation of Government-Wide & Fund Financial Statements and/or Note 7 – Long-Term Debt beginning on pages 26 and 31, respectively.

### **Budgetary Highlights**

General Fund saw a lower salaries & wages pay out than was predicted at budget time by about \$50,000. This was attributed to retirements with new staff making starting wages and a shorter open season at the parks due to weather. This affected the Retirement & FISSA Fund being proportionately under budget as well.

The General Fund budget was conversely increased for a new venture at Loud Thunder Park. The commission decided to open its own boat rental and concessions service at the Lake George dock area. This was outsourced in the past. In setting this up, however, boats were purchased causing most of the small tools & equipment costs that went up over all by 1141%. Supplies for concessions were needed causing food and supplies purchases to increase by 7%, and utilities for that building now are paid by the Forest Preserve General Fund, increasing that budget in part by 13.5% over all of the General Fund. These were not original budgeted expenses.

Forest Preserve General Fund also pays for administrative costs to the County of Rock Island. This was granted at a reduced fee in the past. The County now requires

it paid in full for the fiscal year 2014 and forward. This more than doubled this budgeted area of spending after the budget was set at the reduced rate.

Liability Insurance is now reported separately instead of being combined with the General Fund. This year the liability for being self insured due to various settlement payouts required the budget to be increased by \$180,000.

Salaries & wages and benefits also were down at Niabi Zoo reducing the budget by 8.5%. Conversely, the operating budget at the zoo went up some in almost all areas. One major improvement included finishing the train railroad track improvement project amounting to another \$88,000 in this current fiscal year. Care for the cats included a non-budgeted furnace and transporting crate requiring an increase in budget of approximately another \$28,000.

### **Capital Assets**

#### Rock Island County Forest Preserve District's Capital Assets (Net of depreciation)

	2014	2013
Land	\$ 244,392	\$ 244,392
Buildings and Improvements	5,547,344	5,741,095
Machinery and Equipment	630,361	521,415
Infrastructure	6,102,071	6,324,720
Work in Process	342,844	50,794
Total	<u>\$12,867,012</u>	<u>\$12,882,416</u>

Additional information on the Forest Preserve District of Rock Island County's capital assets can be found in note 5 of this report.

### **Economic Factors and Next Year's Budgets and Rates**

As over the last few fiscal years, salary increases and the payment of bond indebtedness will be a major factor in any additional rise to expenditures for the next fiscal year. A bond refinancing will help to keep this as minimal as possible. Also, capital purchases and construction will increase spending. Niabi Zoo continues to be concerned in retaining AZA certification. On-going necessary expenses are being discussed to aid in meeting this goal. Part of being able to accomplish this requires the zoo to continue raising money for an upgrade to many exhibits/enclosures through the Niabi Zoo Capital Improvements fund.

Some of these factors as well as others were considered in preparing the Rock Island County Forest Preserve District's budget for the next fiscal year.

A balanced budget is being planned overall in the Forest Preserve General Fund to maintain fund balance. Upgrading the campgrounds at Loud Thunder Park, and using trust funds to construct a new camp office are beginning. According to projected costs of projects, this will take several years to accomplish. Fee revenue is expected to increase to aid in these costs from the new boat rental and concession project started this last fiscal year.

Indian Bluff will now save fees to improve the golf course itself in the future. Many of the sand-traps and water holes need extensive care.

Illiniwek Park is discussing the need for a camp office, restroom facilities, concession and playground improvements. These costs with budget constraints will make this extend over many years to accomplish.

### **Request for Information**

This financial report is designed to provide a general overview of the Rock Island County Forest Preserve District's finances for all those with an interest. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the County Auditor, April Palmer, District Auditor, 1504 Third Ave, Rock Island, IL 61201 or E-mail [apalmer@co.rock-island.il.us](mailto:apalmer@co.rock-island.il.us).

**ROCK ISLAND COUNTY FOREST PRESERVE DISTRICT**  
**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN**  
**FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**  
For the Year Ended June 30, 2014

---

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$	292,559
 Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.		 (15,404)
 The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to increase net position.		 -
 The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the statement of long-term debt and related items.		          300,000
 Changes in net other postemployment benefits obligations are reported only in the statement of activities.		          (23,794)
 Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.		          <u>(6,252)</u>
 Change in net position of governmental activities	          \$	          <u><u>547,109</u></u>

The accompanying notes are an integral part of these financial statements.

**ROCK ISLAND COUNTY FOREST PRESERVE DISTRICT  
NOTES TO FINANCIAL STATEMENTS**

June 30, 2014

**NOTE 1 – NATURE OF OPERATIONS, REPORTING ENTITY, AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Nature of Operations -

The Rock Island County, Illinois, Forest Preserve District provides a broad range of services to citizens including the operation of Niabi Zoo, Loud Thunder Park, Illiniwek Park, Indian Bluff Park and Golf Course, and Dorrance Park.

Reporting Entity -

The District is considered a component unit of Rock Island County, Illinois since the County Board is also the Board of Commissioners for the District.

The District is a municipal corporation governed by a 25 member commission. The accompanying financial statements present the District, which has no component units of its own.

Government-Wide and Fund Financial Statements -

The government-wide financial statements (i.e., the statement of net position and the statement of changes in net position) report information on all of the nonfiduciary activities. For the most part, the effect of interfund activity has been removed from these statements. These statements present summaries of governmental activities for the District.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation -

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are budgeted. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon

## NOTES TO FINANCIAL STATEMENTS

### NOTE 1 – (Continued)

enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The District reports the following major governmental funds:

The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

The zoo fund accounts for revenue and expenditures related to the operation of Niabi Zoo. Revenue includes property, replacement, hotel/motel taxes, admission fees and charges, contributions and zoo animal sales.

The Niabi Zoo Improvement fund accounts for revenue from admission fees and charges to be used for zoo improvement expenditures.

The Liability Insurance fund accounts for revenue and expenditures related to claims settlement and loss expenses for health benefits, worker's compensation, general liability, and auto liability claims.

The other governmental funds of the District account for and report grants and other resources whose use is restricted or assigned to a particular purpose.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

#### Interfund Receivables and Payables -

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "advances to/from other funds" (i.e., the non-current interfund loans).

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

#### Capital Assets -

Capital assets, which include land, buildings, equipment, and infrastructure assets (e.g., roads, levees, sidewalks, and similar items), are reported in the government-wide

## NOTES TO FINANCIAL STATEMENTS

### NOTE 1 – (Continued)

financial statements. Capital assets are recorded at historical cost or estimated historical cost if actual cost is not available. Donated capital assets are recorded at estimated fair market value at the date of donation. District policy has set the capitalization threshold for reporting buildings and equipment at \$5,000 and infrastructure at \$15,000.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Depreciation is recorded on a straight line basis over the following estimated useful lives:

<u>Type of Asset</u>	<u>Life in Years</u>
Buildings	40
Building improvements	7-30
Infrastructure	20-50
Equipment	5-20

#### Property Taxes -

Property taxes are levied June 1, based on the assessed value of property as of the previous January 1st. Assessed values are an approximation of market value. Property taxes become a lien on the first day of the levy year and may be paid in four equal installments. The installments are due in June, August, September and November of each year.

Property taxes levied are collected by the county and distributed to the District over a period of time starting approximately sixty days after the levy. In the fund financial statements governmental fund types recognize property tax revenue as it is received due to the long period of time between levy dates and distribution, and the need to match current year revenue with current year expenditures.

Property taxes receivable represents the balance of the 2013 tax levy which is due and collectible in the 2014-15 fiscal year. The amount of those taxes which are collected later than sixty days after year end, are not available for current operations and therefore are shown as deferred inflows of resources.

#### Compensated Absences -

District employees are entitled to certain compensated absences based on their length of employment. With minor exceptions, compensated absences either vest or accumulate and are accrued when they are earned.

Employees' rights to sick pay accumulate generally at the rate of one day per month of service. However, such rights do not vest and can only be paid upon an employee's absence due to any non-service connected sickness or injury. Sick pay is, therefore recorded as an expenditure when paid.

Vacation pay is accrued when incurred in the government-wide financial statements. A liability for these amounts is not reported in governmental funds.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 1 – (Continued)

#### Deferred Outflow/Inflows of Resources -

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District does not have items that qualify for reporting in this category.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has only one type of item that qualifies for reporting in this category. The governmental activities and funds report unavailable revenues from two sources: Property taxes and other taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

#### Long-Term Obligations -

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the government activities statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### Fund Balance/Net Position -

Governmental funds equity is classified as fund balance. Fund balance is further classified as nonspendable, restricted, committed, assigned, or unassigned. Nonspendable fund balance is reported for amounts that are either not in spendable form or legally or contractually required to be maintained intact. Restrictions of fund balance are reported for amounts constrained by legal restrictions from outside parties for use for a specific purpose, or externally imposed by outside entities. Committed fund balance is constrained by formal actions of the District's board, which is considered the District's highest level of decision making authority. The highest level of formal actions would be ordinances by the District with intent to use them for a specific purpose. The authority to assign fund balance has been delegated to the District's director through the Board approved fund balance policy of the District. Any residual fund balance of the General Fund and a deficit in other funds, if any, is reported as unassigned.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 1 – (Continued)

The District's flow of funds assumption prescribes that the funds with the highest level of constraint are expended first. If restricted or unrestricted funds are available for spending, the restricted funds are spent first. Additionally, if different levels of unrestricted funds are available for spending the District considers committed funds to be expended first followed by assigned and then unassigned funds.

In the government-wide and proprietary fund financial statements, restricted net position is legally restricted by outside parties for a specific purpose. Invested in capital assets, net of related debt, represents the District's investment in the book value of capital assets, less any outstanding debt that was issued to construct or acquire the capital asset. Unrestricted net position consists of net position that does not meet the definition of restricted or invested in capital assets, net of related debt.

### NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

#### EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUND BALANCE SHEET AND THE GOVERNMENT-WIDE STATEMENT OF NET POSITION -

The governmental fund balance sheet includes a reconciliation between *fund balance – total governmental funds* and *net position – governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains that “long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.” The details of this \$4,936,084 difference are as follows:

Bonds payable	\$4,900,000
Less: Issuance discount (to be amortized as interest expense)	(24,088)
Compensated absences	41,699
Accrued interest	18,473
	<u>\$4,936,084</u>

#### Explanation of Certain Differences between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-Wide Statement of Activities -

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net changes in fund balances – total governmental funds* and *changes in net position of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains, “Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.” The details of this \$(15,404) difference are as follows:

## NOTES TO FINANCIAL STATEMENTS

### NOTE 2 – (Continued)

Capital outlay	\$ 662,451
Depreciation expense	<u>(677,855)</u>
Net adjustment to decrease <i>net changes in fund balances – total governmental funds</i> to arrive at <i>changes in net position of governmental activities</i>	<u>\$ (15,404)</u>

Another element of that reconciliation states that the “issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.” The details of this \$300,000 difference are as follows:

Principal repayments:

General obligation debt	<u>\$ 300,000</u>
Net adjustment to increase <i>net changes in fund balances – total governmental funds</i> to arrive at <i>changes in net position of governmental activities</i>	<u>\$ 300,000</u>

Another element of that reconciliation states that “some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.” The details of this \$(6,252) difference are as follows:

Compensated absences	\$ 6,387
Accrued interest	1,065
Amortization of issuance costs	(10,876)
Amortization of bond discounts	<u>(2,828)</u>
Net adjustment to decrease <i>net changes in fund balances – total governmental funds</i> to arrive at <i>changes in net position of governmental activities</i>	<u>\$ (6,252)</u>

### NOTE 3 – BUDGETS AND BUDGETARY ACCOUNTING

The District’s fiscal year begins July 1 and ends on June 30. Its procedures for adopting the annual budget which follows statutory requirements are composed of the following stages:

- 1) At a regular or special call meeting of the District’s Board in September, the proposed budget for the fiscal year commencing on the following July 1 is submitted. The budget includes proposed expenditures and the means of financing them.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 3 – (Continued)

- 2) Prior to July 1, the budget is legally enacted through passage of an appropriation ordinance.
- 3) Transfers of budgeted amounts among object classifications, or any budget increases by means of an emergency or supplemental appropriation, require approval by two-thirds of the District Commissioners. Adjustments made during the year are reflected in the budget information included in the combined financial statements.
- 4) Budgets for the general and special revenue funds are adopted on a basis consistent with U.S. generally accepted accounting principles.
- 5) Expenditures may not legally exceed the total amount of the revised budget appropriations of individual funds.

Formal budgetary integration is employed as a management control device during the year for the general fund and special revenue funds.

The District does not have a legally adopted annual budget for the following funds:

Marvin Martin Trust Fund  
Golf Course Improvement Fund  
Bike Path Project Fund  
Niabi Zoo Improvement Fund

### NOTE 4 – CASH AND INVESTMENTS

The Rock Island County Forest Preserve District is covered under the Rock Island County investment policy.

As of June 30, 2014, the District's cash and cash equivalents and investments were as follows:

Cash and cash equivalents statement of net position \$2,441,580

Authorized Investments: The District is authorized by state statutes and its investment policy to make deposits in interest bearing depository accounts in federally insured and/or state chartered banks and savings and loan associations, or other financial institutions as designated by ordinances, and to invest available funds in direct obligation of, or obligations guaranteed by, the United States Treasury or agencies of the United States, money market mutual funds whose portfolios consist of the government securities, Illinois Funds Money Market Funds and annuities. Rock Island County maintains a money market pool for certain funds where the resources have been pooled in order to maximize investment opportunities. Income from investments is allocated between the funds who own shares in the fund. As of June 30, 2014 the District held no debt instruments and therefore, was not subject to interest rate risk.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 4 – (Continued)

Interest Rate Risk: Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates.

Credit Risk: Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District's monies are held with money market funds which are considered cash equivalents and are unrated.

Concentration of Credit Risk: The District's investment policy is to apply the prudent-person rule: Investments shall be made utilizing the judgment and care, under the circumstances then present, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investments, considering probable safety of their capital as well as the probable income to be derived. As of June 30, 2014, the District held no investments.

Custodial Credit Risk: Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The District's investment policy allows the County Treasurer to determine whether collateral will be required of the financial institutions. The policy further requires collateral be held for financial institutions with District deposits in excess of 35% of the capital and surplus of the financial institution. When collateral is required, 110% of the deposit is required and only U.S. Government direct securities, obligations of Federal Agencies or Federal Instrumentalities, obligations of the State of Illinois, obligations of the County of Rock Island, obligations of municipalities located within the County, or acceptable collateral as identified in the state statutes may be held as collateral.

As of June 30, 2014, the carrying amount of the District's deposits with financial institutions totaled \$2,441,580 with bank balances totaling \$2,417,917. The bank balances of \$2,417,917 are entirely insured or collateralized with securities held by the District or its agent in the District's name.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 5 – CAPITAL ASSETS

The following is a summary of changes in capital assets for the year ended June 30, 2014:

	Beginning Balance	Increases	Decreases	Ending Balance
Governmental activities:				
Capital assets, not being depreciated:				
Land	\$ 244,392	\$ - - -	\$ - - -	\$ 244,392
Construction in progress	50,794	292,050	- - -	342,844
Total capital assets, not being depreciated	<u>\$ 295,186</u>	<u>\$ 292,050</u>	<u>\$ - - -</u>	<u>\$ 587,236</u>
Capital assets, being depreciated:				
Buildings	\$ 8,182,725	\$ 8,648	\$ - - -	\$ 8,191,373
Machinery and equipment	1,653,942	218,457	54,613	1,817,786
Infrastructure	8,351,360	143,296	- - -	8,494,656
Total capital assets being depreciated	<u>\$18,188,027</u>	<u>\$ 370,401</u>	<u>\$ 54,613</u>	<u>\$18,503,815</u>
Less accumulated depreciation for:				
Buildings	\$ 2,441,630	\$ 202,399	\$ - - -	\$ 2,644,029
Machinery and equipment	1,132,527	109,511	54,613	1,187,425
Infrastructure	2,026,640	365,945	- - -	2,392,585
Total accumulated depreciation	<u>\$ 5,600,797</u>	<u>\$ 677,855</u>	<u>\$ 54,613</u>	<u>\$ 6,224,039</u>
Total capital assets, being depreciated, net	<u>\$12,587,230</u>	<u>\$(307,454)</u>	<u>\$ - - -</u>	<u>\$12,279,776</u>
Governmental activities, capital assets, net	<u>\$12,882,416</u>	<u>\$ (15,404)</u>	<u>\$ - - -</u>	<u>\$12,867,012</u>

Depreciation expense was charged to functions/programs of the District as follows:

Governmental activities:	
General and administration	\$ 136,442
Zoo	239,895
Bike path	14,718
Marvin Martin Trust	33,937
Zoo improvement	176,341
Golf course improvement	76,522
Total depreciation expense – governmental activities	<u>\$ 677,855</u>

## NOTES TO FINANCIAL STATEMENTS

### NOTE 6 – UNEARNED REVENUE

Governmental funds report unearned revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of unearned revenue reported in the governmental funds were as follows:

Unearned property tax	\$ 1,232,709
Total unearned revenue for governmental funds	<u>\$ 1,232,709</u>

### NOTE 7 – LONG-TERM DEBT

As of June 30, 2014, the outstanding long-term debt of the District was as follows:

#### General Obligation Debt Certificates -

General obligation debt certificates (Limited Tax) totaling \$1,000,000, remain outstanding from an original issue of \$1,750,000 dated November 1, 2005. It is the intent of District officials to service this debt from revenue from the General Fund.

Principal is due annually on December 1. Interest is due semi-annually on June 1 and December 1.

The annual debt service requirements on this debt are as follows:

Fiscal Year Ending June 30	Interest Rate	Principal	Interest	Total
2015	5.05%	\$ 125,000	\$ 37,421	\$ 1,162,421
2016	3.75	130,000	31,827	161,827
2017	3.80	135,000	26,825	161,825
2018	3.90	145,000	21,433	166,433
2019	3.95	150,000	15,642	165,642
2020	4.00	155,000	9,580	164,580
2021	4.05	160,000	3,240	163,240
Total		<u>\$ 1,000,000</u>	<u>\$ 145,968</u>	<u>\$ 1,145,968</u>

#### General Obligation Bonds -

General obligation bonds (alternate revenue source) totaling \$3,900,000, remain outstanding from an original issue of \$4,585,000 dated December 1, 2008. It is the intent of District officials to service this debt from revenue from the Niabi Zoo Fund.

Principal is due annually on December 1. Interest is due semi-annually on June 1 and December 1.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 7 – (Continued)

The annual debt service requirements on this debt are as follows:

Fiscal Year Ending June 30	Interest Rate	Principal	Interest	Total
2015	3.90%	\$ 190,000	\$ 177,398	\$ 367,398
2016	4.00	200,000	169,692	369,692
2017	4.10	200,000	161,593	361,593
2018	4.25	210,000	153,030	363,030
2019	4.40	220,000	143,727	363,727
2020	4.40	230,000	133,828	363,828
2021	4.50	240,000	123,367	363,367
2022	4.70	255,000	111,975	366,975
2023	4.75	265,000	99,689	364,689
2024	4.80	280,000	86,675	366,675
2025	4.85	290,000	72,922	362,922
2026	4.90	305,000	58,418	363,418
2027	4.95	320,000	43,025	363,025
2028	5.00	340,000	26,605	366,605
2029	5.10	355,000	9,053	364,053
Total		<u>\$ 3,900,000</u>	<u>\$ 1,570,997</u>	<u>\$ 5,470,997</u>

Long-term liability activity for the year ended June 30, 2014, was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental activities:					
Bonds payable:					
General obligation bonds	\$5,200,000	\$ - - -	\$ (300,000)	\$4,900,000	\$ 315,000
Less deferred amount for issuance discount	<u>(26,916)</u>	<u>- - -</u>	<u>2,828</u>	<u>(24,088)</u>	<u>- - -</u>
Total bonds payable	\$5,173,084	\$ - - -	\$ (297,172)	\$4,875,912	\$ 315,000
Compensated absences	48,086	41,699	(48,086)	41,699	41,699
Net other postemployment benefit obligation	<u>155,009</u>	<u>61,733</u>	<u>(37,939)</u>	<u>178,803</u>	<u>- - -</u>
Governmental activity long-term liabilities	<u>\$5,376,179</u>	<u>\$ 103,432</u>	<u>\$ (383,197)</u>	<u>\$5,096,414</u>	<u>\$ 356,699</u>

Compensated absences will be paid from the General Fund and Zoo Special Revenue Fund. Net other post employment benefit obligation will be paid from the Liability Insurance Fund.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 8 – INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

The composition of interfund balances as of June 30, 2014 is as follows:

	Receivable Fund		
	General	Niabi Zoo Improvement	Total
Payable Fund:			
Zoo	\$ 300,000	\$ 300,000	\$ 600,000
Liability Insurance	245,000	- - -	245,000
Total	\$ 545,000	\$ 300,000	\$ 845,000

Interfund balances are the result of loans between funds to cover cash shortages.

### NOTE 9 – ILLINOIS MUNICIPAL RETIREMENT FUND PLAN DESCRIPTION

#### Plan Description

The Rock Island County Forest Preserve District's defined benefit pension plan for Regular employees provides retirement and disability benefits, post retirement increases and death benefits to plan members and beneficiaries. The District's plan is affiliated with the Illinois Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained online at [www.imrf.org](http://www.imrf.org).

#### Funding Policy

As set by statute, District Regular plan members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer annual required contribution rate for calendar year 2013 was 13.27%. The District also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

#### Annual Pension Cost

The required contribution for calendar year 2013 was \$201,096.

#### Three-Year Trend Information for the Regular Plan

Fiscal Year Ending	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
2014	\$ 201,096	100%	\$ - - -
2013	187,011	100	- - -
2012	198,812	100	- - -

## NOTES TO FINANCIAL STATEMENTS

### NOTE 9 – (Continued)

The required contribution for 2013 was determined as part of the December 31, 2011, actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2011, included (a) 7.50% investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 4.00% a Regular plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period, with a 20% corridor between the actuarial and market value of assets. The District's Regular plan's unfunded actuarial accrued liability at December 31, 2011 is being amortized as a level percentage of projected payroll on an open 30 year basis.

#### Funded Status and Funding Progress

As of December 31, 2013, the most recent actuarial valuation date, the Regular plan was 57.63% funded. The actuarial accrued liability for benefits was \$3,087,601 and the actuarial value of assets was \$1,779,235, resulting in an underfunded actuarial accrued liability (UAAL) of \$1,308,366. The covered payroll for calendar year 2013 (annual payroll of active employees covered by the plan) was \$1,515,422 and the ratio of the UAAL to the covered payroll was 86%.

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

### NOTE 10 – SELF-INSURANCE

The District is included in the County's risk management program which is self-insured for risk exposures related to health benefits, worker's compensation claims, and general and automobile liability claims.

The District records risk management activities in its liability insurance fund. Claims settlement and loss expenses are accrued in the liability fund for the estimated settlement value of health benefits, worker's compensation, general liability and automobile liability claims reported and unreported, arising from incidents during the year. As of June 30, 2014, the amount of liabilities recorded for estimated claim settlements for health benefits, worker's compensation, general and automobile liability was \$30,000.

Changes in reported liabilities during fiscal 2014 and 2013 were:

	Self Insurance	
	2014	2013
Unpaid claims, beginning of year	\$ 30,000	\$ 30,000
Claim expense and changes in estimates	198,378	77,202
Claim payments	(198,378)	(77,202)
Unpaid claims, end of year	\$ 30,000	\$ 30,000

## NOTES TO FINANCIAL STATEMENTS

### NOTE 11 – OTHER EMPLOYMENT BENEFITS

Plan Description: All Rock Island Forest Preserve District employees and eligible dependents hired on or after January 1, 2001, may continue coverage under the active employee group health plan on an optional basis providing: (1) they qualify for immediate receipt of retirement pension benefits from IMRF/SLEP, (2) coverage was in effect under the group health plan immediately preceding the day on which the retirement begins, and (3) the employee hired on or after January 1, 2001 has participated in the group health insurance plan, either as the employee or as the employed spouse, for at least eight (8) years or if hired on or after January 1, 2011 has participated in the group health insurance plan, either as the employee or as the employed spouse, for at least ten (10) years. Individuals hired before January 1, 2001, can receive benefits as provided by the policy in effect immediately prior to the current plan. Employees retiring under the Early Retirement Incentive Program between June 1, 1997 and June 1, 1998 may continue coverage under the active employee Group Health Plan as provided for other retirees with a premium reduction of 50% as provided by the incentive program. The plan does not issue a stand-alone financial report.

Funding policy: Premiums for retirees will be calculated by the following formula: The Retiree will receive 2% premium subsidy per year of IMRF/SLEP service up to a maximum of 50% of the full premium with the balance of the premium paid by the retiree. This service credit will be limited to those years earned while employed by the Rock Island County Forest Preserve District.

Single	\$ 36.26
Single Plus One	89.06
Single Plus Two	126.40
Family	151.78
Retirement/Cobra Rates	
Single	\$ 530.32
Single Plus One	1,370.08
Single Plus Two	1,370.08
Family	1,370.08

The current funding policy of the District is to pay premiums as they occur on a pay-as-you-go basis.

Annual OPEB cost and net OPEB obligations: The District adopted Governmental Accounting Standard Board Statement No. 45 in the year ended June 30, 2010. The Districts annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution (ARC) of the employer, an amount actuarially

## NOTES TO FINANCIAL STATEMENTS

### NOTE 11 – (Continued)

determined in accordance to the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years. The following table shows the components of the District's annual OPEB cost for the year, the amount actuarially contributed to the plan and changes in the District's annual OPEB obligation:

Annual required contribution	\$ 59,278
Interest on net OPEB obligation	7,750
Adjustment to annual required obligation	<u>(5,295)</u>
Annual OPEB cost	\$ 61,733
Contributions and payments made	<u>(37,939)</u>
Increase in net OPEB obligation	23,794
Net OPEB obligation, beginning of year	<u>155,009</u>
Net OPEB obligation, end of year	<u>\$ 178,803</u>

The District's annual OPEB cost, the percent of annual OPEB cost contributed to the plan and the net OPEB obligations for 2014, per GASB Statement No. 45, follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
June 30, 2014	\$ 61,733	61.5%	\$ 178,803
June 30, 2013	58,983	59.6	155,009
June 30, 2012	61,997	28.8	131,155

Funded status and funding progress: As of June 30, 2014, the actuarial accrued liability for benefits is \$1,044,613 and the actuarial value of assets is \$0 resulting in an unfunded actuarial accrued liability (UAAL) of \$1,044,613. The covered payroll (annual payroll of active employees covered by the plan) was \$1,269,936 and the ratio of the UAAL to the covered payroll was 82.3 percent.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the health care cost trend. Amounts determined regarding the funded status of the plan and annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents only the initial year trend information.

Actuarial methods and assumptions: Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and included in the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of calculations.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 11 – (Continued)

In the June 30, 2014 actuarial valuation, entry age method was used. The actuarial assumptions included a 5 percent investment rate of return which includes inflation at 3 percent, salary increases of 5 percent and health care cost trend rate of 8 percent initially and ultimate rate of 5 percent. The UAAL is being amortized as a level percentage of pay on an open basis. The amortization of UAAL is done over a period of 30 years.

**NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION –**  
**BUDGET COMPARISONS**

June 30, 2014

I. BUDGETARY INFORMATION

The District's fiscal year begins July 1 and ends on June 30. Its procedures for adopting the annual budget which follows statutory requirements are composed of the following stages:

- 1) At a regular or special call meeting of the District's Commission in September, the proposed budget for the fiscal year commencing on the following July 1 is submitted. The budget includes proposed expenditures and the means of financing them.
- 2) Prior to July 1, the budget is legally enacted through passage of an appropriation ordinance.
- 3) Transfers of budgeted amounts among object classifications, or any budget increases by means of an emergency or supplemental appropriation, require approval by two-thirds of the District Commissioners. Adjustments made during the year are reflected in the budget information included in the combined financial statements.
- 4) Budgets for the general and special revenue funds are adopted on a basis consistent with U.S. generally accepted accounting principles.
- 5) Expenditures may not legally exceed the total amount of the revised budget appropriations of individual funds.

Formal budgetary integration is employed as a management control device during the year for the general fund and special revenue funds. All annual appropriations lapse at the end of the fiscal year.

**ROCK ISLAND COUNTY FOREST PRESERVE DISTRICT  
REQUIRED SUPPLEMENTARY INFORMATION ON  
PENSION PLAN FUNDING PROGRESS**

June 30, 2014

IMRF

Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL)—Entry Age (b)	Unfunded (Overfunded) AAL (UAAL) (OAAL) (b-a)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL (OAAL) Percentage of Covered Payroll ((b-a)/ c)
12/31/13	\$ 1,779,235	\$ 3,087,601	\$ 1,308,366	57.63%	\$ 1,515,422	86.34%
12/31/12	2,828,256	4,015,270	1,187,014	70.44	1,486,574	79.85
12/31/11	2,638,203	3,758,471	1,120,268	70.19	1,455,431	76.97

On a market value basis, the actuarial value of assets as of December 31, 2013 is \$2,367,444. On a market basis, the funded ratio would be 76.68%.

The actuarial value of assets and accrued liability cover activity and inactive members who have service credit with Rock Island County Forest Preserve District. They do not include amount for retirees. The actuarial accrued liability for retirees is 100% funded.

Other Postemployment Benefit Plan

Fiscal Year Ended	Actuarial Valuation Date	Actuarial value of Net Position (a)	Actuarial Accrued Liability (AAL) (b)	Unfunded AAL (b-a)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll [(b-a)/c]
2014	6/30/14	\$ -	\$1,044,613	\$1,044,613	0.00%	\$1,269,936	82.30%
2013	6/30/13	-	1,008,067	1,008,067	0.00	1,209,463	83.30
2012*	6/30/10	-	742,095	742,095	0.00	1,361,876	54.50

\*Results from prior year.

The information presented in the required supplementary schedules was determined as part of the actuarial valuation date as of June 30, 2014. Additional information follows:

- a. The cost method used to determine the ARC is the Entry Age Actuarial Cost method.
- b. There are no plan assets.
- c. The actuarial assumptions included: 1) 5 percent investment rate of return which includes inflation at 3 percent, 2) salary increases of 5 percent and 3) health care cost trend rate of 8 percent initially and an ultimate rate of 5 percent.
- d. The amortization method is level percentage of pay on an open basis.

OTHER SUPPLEMENTARY INFORMATION

## NONMAJOR GOVERNMENTAL FUNDS

### SPECIAL REVENUE FUNDS

Illinois Municipal Retirement Fund - Accounts for expenditures related to Illinois Municipal Retirement Fund with revenue generated by taxation.

FISSA Fund - Accounts for social security and Medicare Insurance expenditures with revenue generated by taxation.

Marvin Martin Trust Fund - Accounts for principal trust amounts received and the related interest income. The trust fund can be used for purchasing additional real property which is adjacent, contiguous or in close proximity, and for construction and acquisition of capital improvements to the Loud Thunder Forest Preserve Park.

### CAPITAL PROJECTS FUNDS

Golf Course Improvement Fund - Accounts for the expenditures for improvements to the golf course.

Bike Path Project Fund - Accounts for the expenditures for the bike path project and maintenance.

STATISTICAL SECTION

ROCK ISLAND COUNTY FOREST PRESERVE  
STATISTICAL SECTION  
(Unaudited)

The statistical section of the Rock Island County Forest Preserve District's comprehensive annual financial report presents detailed information as a context for understanding what the information presented in the financial statements, note disclosures, and required supplementary information says about the Forest Preserve's overall financial health.

<b>Contents</b>	<b>Page</b>
<b>Financial Trends</b> These schedules contain trend information to help the reader understand how the Rock Island County Forest Preserve District's financial performance and well being have changed over time.	52
<b>Revenue Capacity</b> These schedules contain information to help the reader assess the Rock Island County Forest Preserve District's most significant local revenue sources, the property tax (or sales tax).	59
<b>Debt Capacity</b>  These schedules present information to help the reader assess the affordability of the Rock Island County Forest Preserve District's current level of outstanding debt and the District's ability to issue additional debt in the future.	66
<b>Demographic and Economic Information</b> These schedules offer demographic and economic indicators to help the reader understand the environment within which the Rock Island County Forest Preserve District's financial activities take place.	70
<b>Operating Information</b> These schedules contain service and infrastructure data to help the reader understand how the information in the Rock Island County Forest Preserve District's financial report relates to the services the District provides and the activities it performs.	72

**Sources:** Unless otherwise noted, the information in these schedules is derived from the comprehensive annual report for the relevant year. The Rock Island County Forest Preserve District implemented GASB 34 in fiscal year 2003; schedules presenting government-wide information include information beginning in that year.
